Abstract

In this chapter young people bring innovative prospective unique ideas and new approaches to every area of life influencing vision and vitality into communities. The government writing is best defined as using word to convey emotions to reader through imagination and invention. The government has been taking care to provide education to the poor and needy through various measure, like developing infrastructure, background, creative method and also developed to facilitate the voice of children and young People with complex need about their education.

A systematic review to the organizing process you want to make sure to priorities the voice of the people directly. Innovation method and approaches We have been able to deal youth' for Unnati and Vikas with Zone of proximal development.

We will work to build dynamic sustainable, innovative and people centred economic, promoting youth' employment and women's economic empowerment world skills young people are the future, hear their voice & providing support for young people to express their views and Idea and action being taken based what they say. Why do it. There are lots of benefits to youth' voice work. It gives young people a sense of agency, helps build transferable skills, knowledge and experience.

It summaries that the poem voice the moral beliefs of young people and emphasis that their voice is often lost in society. It argues that listening to youth' is important as they will be affected by the choices of older generation and the future of the nation.

Keywords: Economic, Growth, Technological up gradation, Infrastructure, Development, Social empowerment, Sustainability

Introduction

In these lines through platform like the voice of youth' the initiative seeks to channel the creativity, energy and ideas of the younger generation. Vikshit Bharat @2047 voice of youth' initiative will provide a platform to the youth of the country to contribute ideas to the vision of Vikshit Bharat. Vikshit Bharat 2047 is an initiative aimed at realizing India aspiration of becoming a developed nation by its Centennial year of independence.

The initiative aims to involve the younger generation in shaping national plan's and priorities. The four pillars of Vikshit Bharat are Youva (Youth), Garib (poor), Mahila (women) and kisan (farmers).

The role of the youth, who constitute our largest population group, has a huge, role here as they will lead India to Vikshit Bharat by 2047 I extend to you all my heartiest Independence Day greetings. I am delighted to see the nation prepare to celebrate the 2047.

Objectives of the study

Vikshit Bharat 2047 is the youth vision to transform the country in to a self reliant and prosperous economy by 2047. Economic, growth, technological up gradation, infrastructure, development, social, empowerment and sustainability are the criteria of this program.

My vikshit Bharat will create such or eco system and empower young individual to become catalyst for communities transformation the platforms allow youth' to generate their

individual people listing their skills sets and activities. The platform would allow youth' to network with each other and also potential mustard.

In my vision for youth' in vikshit Bharat, I see the country where every child has access to quality education, regards of their background or socioeconomic status. I see a country where healthcare is affordable and accessible to all and where people live long, healthy lives.

Reason for slow progress of youth in India

The main factor includes lack of infrastructure, poor governance, and lack of investment in education and reach. Additionally, there are deep rooted socio-economic and culture issue that contribute to the slow pace of development. These include poverty, corruption, and cost- based discrimination.

- However, each section of the youth population face different issue and challenges, such as poor health, social emotional and psychological problems.
- Unemployed is a big challenge for Indian youth. Due to unemployment the problem of mental depression is increasing among the youth.
- Increasing population
- High illiteracy rate.
- Social evils live,
- Child labour.
- Dowry
- Drugs

Research methodology

This article focuses the research design that facilitated youth' voice to be the fulcrum that not only shapes the research but generate. Research methodology draws on the knowledge of user population to identity problem, to tailor treatment.

A systematic method of research of photo voice is an emerging qualitative. Research methods used to engage community members in research. This article reflects upon the challenge faced and choice made when conducting online focus group with young people.

In this research methods involving the use of standardized questionnaire or interview to collect data about people and their performance in research idea for the vision of voice of youth' of Vikshit Bharat 2047 is a dynamic platform for collective visioning to build an India.

Suggestion to over come the problem face by youth

Addressing the problem faced by youth requirements a multifaceted approaches that involves individuals communities and institutions. Here are some suggestions areas to face on.

- Education and skills development
- Life skills programs
- Mental health support.
- Employment opportunities
- Communities engagement.
- substance abuse prevention
- Safe face
- Digital literacy.
- Youth' representation

Some successful youth

- Success stumbling from failure to failure with no losses of enthusiasm keeps your everyone the stars, and your feet on ground.
- Belief in your self - one of the most important aspects of personal growth is fostering a strong sense of self belief and confidence.
- Success has to start somewhere - every accomplishment starts with the decision to try.

Future emerging issues for youth'

- Mental health
- Drugs abuse
- Depression
- Giving time to parents
- Peer pressure
- Social media
- Uncertain future
- Unemployment
- Dilemma of finalizing a carrier.

Government initiative

Don't lose hope be as smart and as patient that nothing stops you from what you wish to achieve.

- The pessimistic sees difficulties in every opportunity.
- Don't let yesterday take up too much of today.

- You learn more from failure than from success.
- If you are working on something that you really care about you don't have to be pushed.

Finding of the study

- Finding your voice is about having the confidence to know you matter so you can use your voice
- Young people are the future hear their voice.
- Empowered youth are the catalyst for positive change.
- It takes the human voice to influence then with deeper meaning.

Conclusions

Youth is life time experience that may shape and individual. It creates the level of depending, which can be marked in various ways.

Respect is a major aspects of human socialization. It is certainly a precious value that must be preserved. Respectful behaviour is vital for human survival.

- Tell a personal story'
- Use a call to action.
- Use a historical question.
- Use a call
