2. Traditional dance forms

Traditional dance forms many popular in our cultural continuity by regional cultural movements, forms and historical roots such as:

- **Classical:** In classical dance forms are bharatantyam, khthakali, kuchipudi, Manipuri, khathak, odissi, mohiniyattam.
- **Folk Dances and Traditional Dances:** There are bihu, garba, bhangra, chhau, lavani, yakshagana.

3. Traditional wear

It is Indian clothing for men and women across the country in Indian. We just like simple and sober.

- **Dupatta:** It is draping with suits, kurti, tops etc.
- **Sarees:** It is the traditional look in our county. Generally, sarees wear in the festivals, events, family functions also.

4. Human values

Human values are the beliefs that behavior and defines what is right and wrong. It is shared across cultural. Such as follows:

- **Honesty:** It is fairness in our cultural with lots of happiness and joy.
- **Respect:** It is a deep feeling of respect in cultural continuity in India.

5. Moral values

Moral values are the help individual person provide qualities, experience, development of society. Such as:-

- **Behavior:** Is is positive or negative behavior in our cultural continuity. Respect and honesty build up through by the behavior.
- **Strong relationship:** If we are talking about the strong relationship then people respect each other cultural continuity and integrity. Also shared the experience.

Literature review

1. Wilma Prafitri, Aris Setyoko, and Zamrud Whidas Pratama (2025), As per the research paper, we can say that relationship between traditional and modernity by exploring *piduduk*, cultural practice deeply embedded within indigenous communities. The research contributes to a deeper understanding of the strategies employed by indigenous societies to preserve their cultural heritage while embracing change.

2. Jaitto- Jonson O.A., Onamade A. O., Ogunnaike A. (2025), As per the research paper, we can say that this study explores the modern public architecture as a means of preserving cultural identity while meeting modern and traditional functional demands. It is emphasized the value of cultural integration in shaping not only community outcomes.

3. Vutthy Sokk, Norodom Sihamoni, Kem Sokha, Heng Samrin (2024), As per the research paper, we can say that it is modernization is not being received passively by the indigenous communities. The result of the study challenge the various effects of disregard indigenous knowledge systems that do not view cultural knowledge system as a having great value.

4. Maheshkumar S and Soundarapandian M (2024), As per the research paper, we can say that challenges of harmonizing Indian educational philosophies with investigates its alignment with achieving quality education for all. It is sustainable development, growth, educational practice and cultural identity.

Objectives

- To determine the factor harmonized affecting of traditional with modern approaches.
- To study about promote cultural, continuity.
